

Turn on and tune in.

GOD IS LIKE A BROADCASTING STATION, broadcasting all the time. Just like the radio waves that are unseen in the air all around you this very minute, God's Spirit is ever present, waiting for you to make contact. And much the same as a radio, you have been designed by your Creator to receive those signals. God's power is always on. The message is always there. But in order to receive it, you must turn on and tune in to His frequency.

Compared to the tremendous power and complex operations of the broadcasting station, you, the receiver, need not have much power, and only the basic components. Prayer is the hand of faith that flips the switch and turns on what little power you have. Then the hand of hope tunes with expectancy, searching for the frequency upon which God is broadcasting, and suddenly His great broadcasting station booms in with tremendous volume and power, and the messages come through loud and clear.

If you concentrate and wait with faith and patience, without distraction, you'll receive some of the most powerful, thrilling, and amazing messages that will stir you to action. The messages you receive from Him minister faith, joy, hope, love, and praise. You'll dance to His tunes, move according to His signals, and you'll know you're fulfilling the purpose for which you were created.
